

How to Make Soap on a Rope

EQUIPMENT NEEDED

1. Skewer or screwdriver or ice pick or awl to screw a hole into favored soaps.
2. 3 to 4 feet of soft string (depends on personal preference)
3. Soap bar: Soft soaps such as Dove, Jergens, etc. are better than others. Some types of soaps such as Irish Spring flake. Try your preference first.

INSTRUCTIONS

1. Drill or screw a hole in the soap
2. Thread the rope into the soap.
3. Tie a knot
4. There you have it!!!!
5. Make a few SOAP ON A ROPES AT A TIME!
